

# IPOB-TP2MPIR50-W

## 2 Megapixel IP IR Bullet Security Camera

Adopt HI processing chipset & HD CMOS image sensor

H.264, AVI coding format

Built-in web to achieve configuration of video and network parameters

POE optional (IEEE 802.3.af)  
Support ONVIF2.3 standard network video transmitting protocol

|                              |                                                                               |
|------------------------------|-------------------------------------------------------------------------------|
| <b>Megapixels:</b>           | <b>2MP - 1080p</b>                                                            |
| <b>Image Resolutions:</b>    | <b>2MP(1920x1080) / 1.3M(1280x960) / 720P(1280x720) / D1(704x576/704x480)</b> |
| <b>Image Sensor:</b>         | <b>1/2.9 Sony CMOS</b>                                                        |
| <b>Min Illumination:</b>     | <b>0.01 Lux@F1.2</b>                                                          |
| <b>LEDs:</b>                 | <b>24</b>                                                                     |
