

NVR HDD Compatibility List

Please refer to the following list for HDDs (Hard Disk Drives) that are compatible with our NVRs. Given that there are many HDD models on the market, even for the same model NVR, the version number may vary and so we cannot test all the models one by one. We are sorry for the inconvenience. When you purchase one of our hard drives, however, we will install, test, and configure them for free.

Techpro Elite NVRs

Series(3.5")	Model	Capacity	NVR-EL NVR-ELE NVR-ELEC	NVR-ELCE NVR-ELT NVR-ELM	NVR-ELHS-4K	Remark
