

Product Specifications

OB-CM600IR100-B

Features:

Our OB-CM600IR100-B is our absolute best value in the bullet camera category. This camera has a 1/3" sensor with a mechanical day/night filter which provides 600 TV lines of resolution. This camera can see up to 120'ft away in complete darkness and is weatherproof. This is also a very small bullet camera that can be used indoors or outdoors. This camera is excellent for overviews when you do not need advanced configurations like WDR since there is no OSD in this camera. Please note that you will need a power supply since it is not included.
